100% FINANCING
WITHOUT INITIAL INVESTMENT

10 PV MODULES OF 450 W_p 4.500 € + VAT (4,5 KW_p)

ALL INCLUDED

- ▶ FULL INSTALLATION
- ▶ LEGALIZATION AND PERMITS (LICENSES, ENERGY CERTIFICATE ELECTRICAL REGISTRATION)
- ▶ HUAWEI INVERTER (10 YEARS WARRANTY)
- ▶ TOP BRAND PV MODULES (12 YEARS WARRANTY)

SAVINGS

Considering an electricity cost of 0,13 €/kWh, and a compensation cost of 0,11 €/kWh, and 65% of energy self-consumption, the following annual savings are obtained

- ▶ 900 € annual savings
- ▶ IBI reduction (to be assessed according to the city council)
- ▶ +2178 € IRPF (40% main residence, 20% second residence)
- ▶ +2178 € deduction IRPF energy efficiency (40%)

With these annual savings, the photovoltaic installation pays for itself in one or two years. VIRTUAL BATTERY. Reduce the bill to €0, share the surplus energy among others homes or store them for other months (optional)
